# 1. INTRODUCTION

## 1.1. PURPOSE AND BACKGROUND

### A. Purpose

The Washington State Department of Commerce hereafter called "COMMERCE," is initiating this Request for Proposals (RFP) to solicit proposals to assist COMMERCE in developing a Washington State Guidebook on Military and Community Compatibility (Guidebook) as a resource to interested stakeholders, and a tool for COMMERCE, as it strengthens its engagement and technical assistance capacity for compatible local land use adjacent to military installations. Production of the Guidebook implements elements of the "Washington State Military & Community Compatibility Strategy" (2017), and is related to an Office of Economic Adjustment (OEA) grant application titled "Washington State Guidebook on Military and Community Compatibility" (2018).

### B. ~~A.~~ Background (rev. 04/19/18)

In 2015, COMMERCE undertook a statewide study exploring civilian-military land use and to assess what tools it can develop to promote compatible use. As an outcome of the study, COMMERCE identified a need for broadened outreach and technical assistance resources for jurisdictions navigating civilian-military compatibility within Washington State's land use framework. COMMERCE strengthens communities through a broad range of trade and economic development programs, including a Growth Management Services (GMS) unit that provides technical assistance to local governments planning under the Washington State Growth Management Act (GMA), which contains a military land use provision (RCW 36.70A.530). COMMERCE seeks to integrate civilian-military compatibility into its portfolio of outreach and technical assistance services related to GMA guidance—especially for jurisdictions engaged in planning within military operating areas.

COMMERCE program staff for this project are headquartered in Olympia, WA and the department's satellite office in Spokane, WA.

### C. ~~B.~~ Specific to this Request for Proposal (rev. 04/19/18)

The focus of this project is (1) to produce the *Washington State Guidebook on Military and Community Compatibility* and (2) to conduct outreach in support of Guidebook development. All work associated with this project will be completed by June 30, 2019. Staffing and consultant services for this scope of work is funded by COMMERCE and a federal grant from the Department of Defense (DOD) Office of Economic Adjustment (OEA) Compatible Use Program.

COMMERCE intends to award one contract to provide the services described in this RFP.

## 1.2. OBJECTIVES AND SCOPE OF WORK

### A. Objectives

The selected consultant will work closely with program staff to collect and analyze stakeholder input, draft content for the *Washington State Guidebook on Military and Community Compatibility* ("Guidebook"). The final Guidebook will be a product of professional writing/graphics quality that meets COMMERCE publication standards, reflects stakeholder input, and contains: (1) A Citizen's Guide to the Principles of Compatibility Planning; (2) Technical Guide to the Principles of Compatibility Planning, and (3) Implementation Toolkit for Compatibility Planning for cities and counties.

## **B. Outreach (Activities)**

The Consultant will, in coordination with COMMERCE staff, solicit, collect, and analyze public comments to inform the Guidebook's draft and revision process. The outreach and public engagement plan for conducting public outreach should be outlined in the technical proposal.

## **C. Outreach and Public Engagement Plan (Deliverable)**

With input from COMMERCE staff, the Consultant will develop a detailed outreach and public engagement plan for seeking public engagement on the Guidebook. COMMERCE will leverage existing contacts to solicit technical feedback from planning professionals and military installation commanders/staff. The Consultant will facilitate external, non-technical stakeholder engagement on the development of the guidebook. COMMERCE staff will attend and present at outreach events. The consultant will prepare or participate in presentations, workshops, meetings, or panels in order to collect stakeholder feedback for Guidebook development. The Consultant should assume these activities will require travel to destinations to and/or around military installations in Washington State.

## **D. Guidebook (Deliverable)**

**Executive Summary.** The Consultant will draft the Executive Summary for COMMERCE review/revision. The Executive Summary will outline the subject of compatibility, study methodology, and how readers can use the Guidebook as a resource. (rev. 04/19/18)

**(1) Part 1: A Citizen's Guide to Compatibility Planning.** The Consultant will draft Part 1 as a non-technical source for a general audience to introduce compatibility topics, such as:

- a. The balance of community vision and military mission: Outline defense and economic significance of bases and ranges in Washington State, and explore the connection between compatibility and mission sustainment. The Consultant will consider community impacts and military impacts in discussing the importance, opportunities, and challenges of balancing community vision in land use planning with the military's need to realistically test and train for a range of mission sets.
- b. Growth and change: Discuss the work that host communities and service branches undertake to promote optimal forms of land use and to collaboratively address compatibility challenges in the face of development pressure and mission change.
- c. Citizen's Guide: Introduce legislative principles and public processes in local/state/federal government in Washington State. Describe the compatibility planning model in Washington State as well as the roles of the various levels of government, military installations, agencies, organizations, partnerships, or other stakeholder groups and community members within planning processes.

**(2) Part 2: Technical Guide to Compatibility Planning.** COMMERCE will draft Part 2 as guidance for land use professionals involved in compatibility planning in Washington State. The Consultant will assist COMMERCE with data-gathering and make recommendations on draft content related to:

- a. Compatibility planning process: Outline how compatibility fits within local planning and development processes within the state's legal framework for land use.
- b. Coordinated planning goals: Explain fundamentals and strategies for engaging in collaborative partnerships for compatibility, with insights for effective communication and civilian-military relations.
- c. GMA goals, comprehensive plans, and compatibility: Detail GMA goals and convey where they align with compatibility efforts at the local level. Describe opportunities to integrate

compatibility into various chapters of a city or county comprehensive plan, development regulations, and other local land use tools.

- d. Areas of conflict and opportunity: Discuss Washington State compatibility issues, mitigation strategies, case studies, or issue briefs that explore challenge/opportunity areas. Stakeholder input will help determine content on special topics that may include transportation planning, base personnel fluctuations in economic or population forecasting, schools, infrastructure, etc.
- e. Compatibility strategies: Describe compatibility programs, studies, conservation initiatives, and other collaborative planning mechanisms that identify and address conflicts (present or potential). This may include local, state, or regional planning practices and federal encroachment prevention programs.

**(3) Part 3: Implementation Toolkit for Compatibility Planning.** Part 3 will include resources drafted to facilitate practical, local-regional application of compatibility policies and guidance. Data-gathering and stakeholder engagement will help shape the final set and format of supplemental materials. The toolkit will provide resources such as:

- a. Consultation quick-reference guide: Help community/military planners, agencies, developers, and others considering land use action determine when consultation is required or recommended, how to initiate contact, and with whom. The Consultant will assist COMMERCE in clarifying appropriate contacts and procedures for this section. The Consultant will produce a map with GIS-based shape files for COMMERCE use that display administrative boundaries and military areas that will help readers identify the appropriate military or civilian contacts for various land use or project actions.
- b. Worksheets and examples: Supply sample policy language, sample ordinances, or other model documents that planning professionals may use as guides and reference material.
- c. Policy quick-reference guide: Provide factsheets, success stories, checklists, example work plans, example plan and development regulations, or other tools to help implement compatibility recommendations and guidance.
- d. Compatibility Glossary: Define both military and non-military planning terms and acronyms to build a shared language and improved understanding in the specialized area of civilian-military land use.

**E. Publication Disclaimer:** The Guidebook (and any supplemental documents or reports) will display a disclaimer on the title page that states:

*This study was prepared under contract with the Washington State Department of Commerce, with financial support from the Office of Economic Adjustment, Department of Defense. The content reflects the views of the Washington State Department of Commerce and does not necessarily reflect the views of the Office of Economic Adjustment.*

## **F. Workflow Approach and Program Timeline**

The consultant will act as lead author for the Guidebook's Executive Summary and Section 1, a non-technical introduction to "compatible use"). COMMERCE will act as lead author for Section 2, which provides technical guidance for jurisdictions engaged in compatibility planning under the Washington State Growth Management Act (GMA). COMMERCE and the consultant will contribute content for Section 3, offering tools and references intended for practical application. COMMERCE and the consultant will coordinate to combine draft content into a single cohesive document, and solicit/integrate stakeholder input into a "Revised Draft." The consultant will conduct an independent analysis of stakeholder feedback with recommendations for COMMERCE review. The consultant will prepare the Revised Draft for COMMERCE review, which COMMERCE may revise as-needed to ensure document

quality and Consistency. COMMERCE and the consultant will adopt and manage a joint work plan to direct Guidebook production and outreach activities. COMMERCE expects the work plan will reflect project milestones and activities within this Program Timeline:

Workflow Approach: Following contract negotiation, Commerce and the consultant will assign tasks, define publication standards, adopt a joint work plan, commence data-gathering/early drafting, and initiate outreach activities. (rev. 04/19/18)
2. **Outreach and Guidebook Drafting (July-December 2018).** COMMERCE and the consultant will continue to conduct outreach as part of the Guidebook development and drafting process. Workflow Approach: The consultant will design and manage surveys (or alternative tools, contingent upon Commerce agreement), and will conduct a series of site visits and/or a site visit “tour” with Commerce staff to communities/military installations in Washington State to support Guidebook scoping and data-gathering. Commerce will produce a draft of Guidebook Part 2 and other sections as assigned. The consultant will produce a draft of Guidebook Executive Summary, Part 1, and other sections as assigned. The consultant will organize all components into a cohesive preliminary Draft Guidebook with relevant and professional quality images, graphics, maps, diagrams, tables, charts or other visual aids that support document readability and meet Commerce publication standards. Commerce will require at least five weeks to allow for review, potential revision, and approval prior to Draft Guidebook release for public comment. 3. **Public Comment and Revision (January-March 2019).** COMMERCE will publish a draft Guidebook online for a public comment period of at least 30 days. COMMERCE and the consultant will solicit comments, analyze stakeholder input and initiate related Guidebook revision. Workflow Approach: Commerce will publish the Draft Guidebook for a public comment period of at least 30 days. The Consultant will make original comments available to Commerce staff in a format agreed-upon in advance, including a summary that Commerce may adapt to publish on the agency webpage. At the close of the comment window, the Consultant will organize and analyze all stakeholder input, and will provide findings and recommendations to Commerce staff in order to determine revision activities. Commerce staff may assist the Consultant with analysis to balance workflow. Commerce and the Consultant may conduct additional outreach during this phase to support comment analysis and revision, which may involve travel for in-person outreach or presentations.

The Consultant will provide Commerce with 2 printed proofs prior to publication, and a final set of coil-bound, full-color hardcopies for distribution, quantity will be determined in advance based on an assumed document length of 60 pages. 3. Include a list of contracts the Consultant has had during the last five years that relate to the Consultant's ability to perform the services needed under this RFP. List contract reference numbers, contract period of performance, contact persons, telephone numbers, and fax numbers/e-mail addresses.

**3.4. COST PROPOSAL**

The maximum fee for this contract must be \$150,000 or less to be considered responsive to this RFP.

The evaluation process is designed to award this procurement not necessarily to the Consultant of least cost, but rather to the Consultant whose proposal best meets the requirements of this RFP. However, Consultants are encouraged to submit proposals which are consistent with state government efforts to conserve state resources.

**A. Identification of Costs (SCORED)**

Identify all costs in U.S. dollars including expenses to be charged for performing the services necessary to accomplish the objectives of the contract. Costs for subcontractors are to be broken out separately. Please note if any subcontractors are certified by the Office of Minority and Women's Business Enterprises.

**B. Computation**

## 4. EVALUATION AND CONTRACT AWARD

### 4.1. EVALUATION PROCEDURE

Responsive proposals will be evaluated strictly in accordance with the requirements stated in this solicitation and any addenda issued. The evaluation of proposals shall be accomplished by an evaluation team(s), to be designated by COMMERCE, which will determine the ranking of the proposals.

The RFP Coordinator may contact the Consultant for clarification of any portion of the Consultant's proposal.

The following weighting and points will be assigned to the proposal for evaluation purposes:

Technical Proposal – 60%	60 points
Project Approach/Methodology	15 points (maximum)
Quality of Work Plan	15 points (maximum)
Project Schedule	15 points (maximum)
Project Deliverables	15 points (maximum)
Management Proposal – 35%	35 points
Project Team Structure and Internal Controls	10 points (maximum)
Staff Qualifications/Experience	10 points (maximum)
Experience of the Consultant	15 points (maximum)
Cost Proposal – 5%	5 points
<hr/>	
<b>TOTAL</b>	<b>100 POINTS</b>

COMMERCE reserves the right to award the contract to the Consultant whose proposal is deemed to be in the best interest of COMMERCE and the state of Washington.

### 4.3. ORAL PRESENTATIONS MAY BE REQUIRED

COMMERCE may after evaluating the written proposals elect to schedule oral presentations of the finalists. Should oral presentations become necessary, COMMERCE will contact the top-scoring firm(s) from the written evaluation to schedule a date, time and location. Commitments made by the Consultant at the oral interview, if any, will be considered binding.

The scores from the written evaluation and the oral presentation combined together will determine the apparent successful contractor.

### 4.4. NOTIFICATION TO PROPOSERS

COMMERCE will notify the Apparently Successful Contractor of their selection in writing upon completion of the evaluation process. Individuals or firms whose proposals were not selected for further negotiation or award will be notified separately by e-mail.

#### **4.5. DEBRIEFING OF UNSUCCESSFUL PROPOSERS**

Any Consultant who has submitted a proposal and been notified that they were not selected for contract award may request a debriefing. The request for a debriefing conference must be received by the RFP Coordinator within three (3) business days after the Unsuccessful Consultant Notification is e-mailed or faxed to the Consultant. Debriefing requests must be received by the RFP Coordinator no later than 5:00 PM, local time, in Olympia, Washington on the third business day following the transmittal of the Unsuccessful Consultant Notification. The debriefing must be held within three (3) business days of the request.

Discussion at the debriefing conference will be limited to the following:

- Evaluation and scoring of the firm's proposal;
- Critique of the proposal based on the evaluation;
- Review of proposer's final score in comparison with other final scores without identifying the other firms.

Comparisons between proposals or evaluations of the other proposals will not be allowed. Debriefing conferences may be conducted in person or on the telephone and will be scheduled for a maximum of one hour.

#### **4.6. PROTEST PROCEDURE**

Protests may be made only by Consultants who submitted a response to this solicitation document and who have participated in a debriefing conference. Upon completing the debriefing conference, the Consultant is allowed five (5) business days to file a protest of the acquisition with the RFP Coordinator. Protests must be received by the RFP Coordinator no later than 5:00 PM, local time, in Olympia, Washington on the fifth business day following the debriefing. Protests may be submitted by e-mail or facsimile, but must then be followed by the document with an original signature.

Consultants protesting this procurement shall follow the procedures described below. Protests that do not follow these procedures shall not be considered. This protest procedure constitutes the sole administrative remedy available to Consultants under this procurement.

All protests must be in writing, addressed to the RFP Coordinator, and signed by the protesting party or an authorized Agent. The protest must state the RFP number, the grounds for the protest with specific facts and complete statements of the action(s) being protested. A description of the relief or corrective action being requested should also be included.

Only protests stipulating an issue of fact concerning the following subjects shall be considered:

- A matter of bias, discrimination or conflict of interest on the part of an evaluator;
- Errors in computing the score;
- Non-compliance with procedures described in the procurement document or COMMERCE policy.

Protests not based on procedural matters will not be considered. Protests will be rejected as without merit if they address issues such as: 1) an evaluator's professional judgment on the quality of a proposal, or 2) COMMERCE'S assessment of its own and/or other agencies needs or requirements.

Upon receipt of a protest, a protest review will be held by COMMERCE. The COMMERCE Director or an employee delegated by the Director who was not involved in the procurement will consider the record and all available facts and issue a decision within five (5) business days of receipt of the protest. If additional time is required, the protesting party will be notified of the delay.

In the event a protest may affect the interest of another Consultant that also submitted a proposal, such Consultant will be given an opportunity to submit its views and any relevant information on the protest to the RFP Coordinator.

The final determination of the protest shall:

- Find the protest lacking in merit and uphold COMMERCE'S action; or
- Find only technical or harmless errors in COMMERCE'S acquisition process and determine COMMERCE to be in substantial compliance and reject the protest; or
- Find merit in the protest and provide COMMERCE options which may include:
  - Correct the errors and re-evaluate all proposals, and/or
  - Reissue the solicitation document and begin a new process, or
  - Make other findings and determine other courses of action as appropriate.

If COMMERCE determines that the protest is without merit, COMMERCE will enter into a contract with the apparently successful contractor. If the protest is determined to have merit, one of the alternatives noted in the preceding paragraph will be taken.

**10. CONFLICT OF INTEREST**

Notwithstanding any determination by the Executive Ethics Board or other tribunal, COMMERCE may, in its sole discretion, by written notice to the CONTRACTOR terminate this contract if it is found after due notice and examination by COMMERCE that there is a violation of the Ethics in Public Service Act, Chapters 42.52 RCW and 42.23 RCW; or any similar statute involving the CONTRACTOR in the procurement of, or performance under this contract.

Specific restrictions apply to contracting with current or former state employees pursuant to chapter 42.52 of the Revised Code of Washington. The CONTRACTOR and their subcontractor(s) must identify any person employed in any capacity by the state of Washington that worked with the COMMERCE program executing this Contract, including but not limited to formulating or drafting the legislation, participating in grant procurement planning and execution, awarding grants, and monitoring grants, during the 24-month period preceding the start date of this Contract. Identify the individual by name, the agency previously or currently employed by, job title or position held, and separation date. If it is determined by COMMERCE that a conflict of interest exists, the CONTRACTOR may be disqualified from further consideration for the award of a Contract.

In the event this contract is terminated as provided above, COMMERCE shall be entitled to pursue the same remedies against the CONTRACTOR as it could pursue in the event of a breach of the contract by the CONTRACTOR. The rights and remedies of COMMERCE provided for in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law. The

**11. COPYRIGHT**

Unless otherwise provided, all Materials produced under this Contract shall be considered "works for hire" as defined by the U.S. Copyright Act and shall be owned by COMMERCE. COMMERCE shall be considered the author of such Materials. In the event the Materials are not considered "works for hire" under the U.S. Copyright laws, the Contractor hereby irrevocably assigns all right, title, and interest in all Materials, including all intellectual property rights, moral rights, and rights of publicity to COMMERCE effective from the moment of creation of such Materials.

"Materials" means all items in any format and includes, but is not limited to, data, reports, documents, pamphlets, advertisements, books, magazines, surveys, studies, computer programs, films, tapes, and/or sound reproductions. "Ownership" includes the right to copyright, patent, register and the ability to transfer these rights.

For Materials that are delivered under the Contract, but that incorporate pre-existing materials not produced under the Contract, the Contractor hereby grants to COMMERCE a nonexclusive, royalty-free, irrevocable license (with rights to sublicense to others) in such Materials to translate, reproduce, distribute, prepare derivative works, publicly perform, and publicly display. The Contractor warrants and represents that the Contractor has all rights and permissions, including intellectual property rights, moral rights and rights of publicity, necessary to grant such a license to COMMERCE.

The Contractor shall exert all reasonable effort to advise COMMERCE, at the time of delivery of Materials furnished under this Contract, of all known or potential invasions of privacy contained therein and of any portion of such document which was not produced in the performance of this Contract. The Contractor shall provide COMMERCE with prompt written notice of each notice or claim of infringement received by the Contractor with respect to any Materials delivered under this Contract. COMMERCE shall have the right to modify or remove any restrictive markings placed upon the Materials by the Contractor.

**12. DISPUTES**

Except as otherwise provided in this Contract, when a dispute arises between the parties and it cannot be resolved by direct negotiation, either party may request a dispute hearing with the Director of COMMERCE, who may designate a neutral person to decide the dispute.

The request for a dispute hearing must:

- be in writing;
- state the disputed issues;
- state the relative positions of the parties;
- state the Contractor's name, address, and Contract number; and
- be mailed to the Director and the other party's (respondent's) Contract Representative within three (3) working days after the parties agree that they cannot resolve the dispute.

The respondent shall send a written answer to the requestor's statement to both the Director or the Director's designee and the requestor within five (5) working days.

The Director or designee shall review the written statements and reply in writing to both parties within ten (10) working days. The Director or designee may extend this period if necessary by notifying the parties.

The decision shall not be admissible in any succeeding judicial or quasi-judicial proceeding.

The parties agree that this dispute process shall precede any action in a judicial or quasi-judicial tribunal.

Nothing in this Contract shall be construed to limit the parties' choice of a mutually acceptable alternate dispute resolution (ADR) method in addition to the dispute hearing procedure outlined above.

This Contract shall be construed and interpreted in accordance with the laws of the state of Washington, and the venue of any action brought hereunder shall be in the Superior Court for Thurston County.

**15. INDEMNIFICATION**

To the fullest extent permitted by law, the Contractor shall indemnify, defend, and hold harmless the state of Washington, COMMERCE, agencies of the state and all officials, agents and employees of the state, from and against all claims for injuries or death arising out of or resulting from the performance of the contract. "Claim" as used in this contract, means any financial loss, claim, suit, action, damage, or expense, including but not limited to attorney's fees, attributable for bodily injury, sickness, disease, or death, or injury to or the destruction of tangible property including loss of use resulting therefrom.

The Contractor's obligation to indemnify, defend, and hold harmless includes any claim by Contractor's agents, employees, representatives, or any subcontractor or its employees.

The Contractor expressly agrees to indemnify, defend, and hold harmless the State for any claim arising out of or incident to Contractor's or any subcontractor's performance or failure to perform the contract. Contractor's obligation to indemnify, defend, and hold harmless the State shall not be eliminated or reduced by any actual or alleged concurrent negligence of State or its agents, agencies, employees and officials.

The Contractor waives its immunity under Title 51 RCW to the extent it is required to indemnify, defend and hold harmless the state and its agencies, officers, agents or employees.

**16. INDEPENDENT CAPACITY OF THE CONTRACTOR**

The parties intend that an independent contractor relationship will be created by this Contract. The Contractor and its employees or agents performing under this Contract are not employees or agents of the state of Washington or COMMERCE. The Contractor will not hold itself out as or claim to be an officer or employee of COMMERCE or of the state of Washington by reason hereof, nor will the Contractor make any claim of right, privilege or benefit which would accrue to such officer or employee under law. Conduct and control of the work will be solely with the Contractor.

**17. INDUSTRIAL INSURANCE COVERAGE**

The Contractor shall comply with all applicable provisions of Title 51 RCW, Industrial Insurance. If the Contractor fails to provide industrial insurance coverage or fails to pay premiums or penalties on behalf of its employees as may be required by law, COMMERCE may collect from the Contractor the full amount payable to the Industrial Insurance Accident Fund. COMMERCE may deduct the amount owed by the Contractor to the accident fund from the amount payable to the Contractor by COMMERCE under this Contract, and transmit the deducted amount to the Department of Labor and Industries, (L&I) Division of Insurance Services. This provision does not waive any of L&I's rights to collect from the Contractor.

**21. NONCOMPLIANCE WITH NONDISCRIMINATION LAWS**

During the performance of this Contract, the Contractor shall comply with all federal, state, and local nondiscrimination laws, regulations and policies. In the event of the Contractor's non-compliance or refusal to comply with any nondiscrimination law, regulation or policy, this Contract may be rescinded, canceled or terminated in whole or in part, and the Contractor may be declared ineligible for further contracts with COMMERCE. The Contractor shall, however, be given a reasonable time in which to cure this noncompliance. Any dispute may be resolved in accordance with the "Disputes" procedure set forth herein.

**22. PAY EQUITY**

The Contractor agrees to ensure that "similarly employed" individuals in its workforce are compensated as equals, consistent with the following:

- a. Employees are "similarly employed" if the individuals work for the same employer, the performance of the job requires comparable skill, effort, and responsibility, and the jobs are performed under similar working conditions. Job titles alone are not determinative of whether employees are similarly employed;
- b. Contractor may allow differentials in compensation for its workers if the differentials are based in good faith and on any of the following:
  - (i) A seniority system; a merit system; a system that measures earnings by quantity or quality of production; a bona fide job-related factor or factors; or a bona fide regional difference in compensation levels.

In the event that the Contractor fails to perform this Contract in accordance with state laws, federal laws, and/or the provisions of this Contract, COMMERCE reserves the right to recapture funds in an amount to compensate COMMERCE for the noncompliance in addition to any other remedies available at law or in equity.

Repayment by the Contractor of funds under this recapture provision shall occur within the time period specified by COMMERCE. In the alternative, COMMERCE may recapture such funds from payments due under this Contract.

The Contractor shall retain such records for a period of six years following the date of final payment. At no additional cost, these records, including materials generated under the contract, shall be subject at all reasonable times to inspection, review or audit by COMMERCE, personnel duly authorized by COMMERCE, the Office of the State Auditor, and federal and state officials so authorized by law, regulation or agreement.

If any litigation, claim or audit is started before the expiration of the six (6) year period, the records shall be retained until all litigation, claims, or audit findings involving the records have been resolved.

**29. SAVINGS**

In the event funding from state, federal, or other sources is withdrawn, reduced, or limited in any way after the effective date of this Contract and prior to normal completion, COMMERCE may suspend or terminate the Contract under the "Termination for Convenience" clause, without the ten calendar day notice requirement. In lieu of termination, the Contract may be amended to reflect the new funding limitations and conditions.

**30. SEVERABILITY**

The provisions of this contract are intended to be severable. If any term or provision is illegal or invalid for any reason whatsoever, such illegality or invalidity shall not affect the validity of the remainder of the contract.

**31. SITE SECURITY**

While on COMMERCE premises, Contractor, its agents, employees, or subcontractors shall conform in all respects with physical, fire or other security policies or regulations.

Every subcontract shall bind the Subcontractor to follow all applicable terms of this Contract. The Contractor is responsible to COMMERCE if the Subcontractor fails to comply with any applicable term or condition of this Contract. The Contractor shall appropriately monitor the activities of the Subcontractor to assure fiscal conditions of this Contract. In no event shall the existence of a subcontract operate to release or reduce the liability of the Contractor to COMMERCE for any breach in the performance of the Contractor's duties.

Every subcontract shall include a term that COMMERCE and the State of Washington are not liable for claims or damages arising from a Subcontractor's performance of the subcontract.

**33. SURVIVAL**

The terms, conditions, and warranties contained in this Contract that by their sense and context are intended to survive the completion of the performance, cancellation or termination of this Contract shall so survive.

All payments accrued on account of payroll taxes, unemployment contributions, the Contractor's income or gross receipts, any other taxes, insurance or expenses for the Contractor or its staff shall be the sole responsibility of the Contractor.

**35. TERMINATION FOR CAUSE**

In the event COMMERCE determines the Contractor has failed to comply with the conditions of this contract in a timely manner, COMMERCE has the right to suspend or terminate this contract. Before suspending or terminating the contract, COMMERCE shall notify the Contractor in writing of the need to take corrective action. If corrective action is not taken within 30 calendar days, the contract may be terminated or suspended.

In the event of termination or suspension, the Contractor shall be liable for damages as authorized by law including, but not limited to, any cost difference between the original contract and the replacement or cover contract and all administrative costs directly related to the replacement contract, e.g., cost of the competitive bidding, mailing, advertising and staff time.

COMMERCE reserves the right to suspend all or part of the contract, withhold further payments, or prohibit the Contractor from incurring additional obligations of funds during investigation of the alleged compliance breach and pending corrective action by the Contractor or a decision by COMMERCE to terminate the contract. A termination shall be deemed a "Termination for Convenience" if it is determined that the Contractor: (1) was not in default; or (2) failure to perform was outside of his or her control, fault or negligence.

Failure to agree with such determination shall be a dispute within the meaning of the "Disputes" clause of this contract. COMMERCE may withhold from any amounts due the Contractor such sum as the Authorized Representative determines to be necessary to protect COMMERCE against potential loss or liability.

The rights and remedies of COMMERCE provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law or under this contract.

After receipt of a notice of termination, and except as otherwise directed by the Authorized Representative, the Contractor shall:
